RIOT MARKS CONVICT TRIAL

FORD PROPOSES AIR MAIL SERVICE

GIGANTIC AIR ROUTE TO LINK WHOLE NATION

Henry Ford Offers \$10,000,000
To Network of Air Lines to
Cover Entire Continent

LOS ANGELES AS TERMINAL

Auto Magnate Would Obtain Exclusive Contract for Delivery of Air Mail

By C. R. HASKELL
Universal Service Special Financial Expert

LOS ANGELES, July 8.—With his own contribution to a gigantic air mail service, using Los Angeles, as one of its chief terminals and linking every section of the United States in a network of sky lanes, placed at \$10,000,000 Henry Ford, it was learned today, has laid before leading financiers of Southern California offer to join him in one of the greatest enterprises of the century.

Mr. Ford, operating through his Southern California representatives, has given Los Angeles bankers and business men a confidential outline of his project. In the negotiations it was made clear that the auto magnate was "well able to swing the deal alone," but he is seeking as associates in his proposed air way men of influence whose names will lend to the success of the plan.

Mr. Ford, as a first move, would obtain from the government contracts for the delivery of air mail. That this mail can with a profit be carried at existing rates has long been the contention of the auto manufacturer.

HAS PROVEN THEORY.
This theory has been proved by operation of a fleet of his own ships flying between Detroit and Chicago.

This same type of ship would be used in the nation-wide mail service. Hundreds of plans would be put into use. Terminals and air mail stations would be established in all leading cities, north, south, east and west. Regular schedules, over mapped routes, would be maintained.

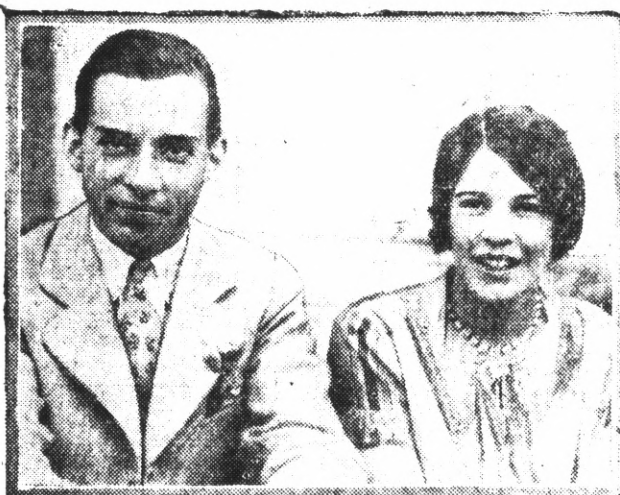

Los Angeles would be linked with (Continued on Page 3)

Navigator, 75, In 30-Foot Dory on World-Wide Trip

SANTA BARBARA, Cal., July 8.—(Ins)—Commander Eustace B. Maude, 75 years old, retired officer of the British navy, who is making a voyage around the world in a 30-foot dory arrived here today on the first leg of his trip. The navigator left his home in Vancouver May 2 and has been sailing down the coast since. He stated today that he was enjoying the trip alone, looked forward to an uninterrupted voyage around the globe and expected to make his next stop at Panama.

WIFE OF GOVERNOR TRUMBULL DISPELS RUMORS OF ROMANCE BETWEEN DAUGHTER AND COOLIDGE'S SON

Above are shown John Coolidge, son of the President, and Miss Florence Trumbull, daughter of Governor John H. Trumbull of Connecticut. It was taken at Hartford, the home of the Trumbulls, where young Mr. Coolidge has been enjoying a visit. There have been rumors of a budding romance between Miss Florence and the President's son but Mrs. Trumbull has explained that he met her daughter on the train last March while going to the inauguration of his father and since then has called on Miss Trumbull several times.

RAILROADS JOIN IN PETITIONS FOR INCREASES

The joint petition of sixty-seven railway companies was filed with the California State Railroad Commission yesterday, asking that body to investigate railroad holdings within the State and to fix intra-state rates on a parity with such rates as may be fixed by the Interstate Commerce Commission, which has been similarly petitioned. The same petition was filed simultaneously in twenty-five states in the Pacific and Western Mountain groups.

Among the railroads joined in the petition were included the Southern Pacific, Western Pacific, Santa Fe, Denver and Rio Grande, Union Pacific, together with every other company operating lines within the state.

An unreasonably low return upon the capital investment is pleaded by the railroads in their appeal. They assert that since the return of the railroads from war-time federal control they have never earned a fair return, notwithstanding economical management and care in expenditures for maintenance and expansion. Labor costs have increased 100 per cent above their level some three or four years before federal control; expenses for materials have increased 75 per cent, while taxes also have been greatly increased. On the other hand the companies charge freight rates have not been correspondingly increased.

SMALL REWARD INSULTS FAMOUS POLISH BANDIT

(By Universal Service)
BERLIN, July 8.—A Polish bandit, hunted by the police for numerous murders and robberies, complains in a letter to a paper in Cracow that the price of \$1000 which the police has put on his head is too low and an insult to his professional standing.

The bandit, known generally under the name of "The Little Lord," writes: "I realize the financial difficulties of my fatherland, but I should think that my head was after all worth more than a miserable thousand dollars. And he promises 'on his honor' to pay \$6000 to his capturer out of his own pocket, and not to take any revenge on him."

MAYOR SCOTT PLEDGES DRIVE FOR INDUSTRIES

W. W. Scott, newly-elected mayor of Richmond, has pledged himself to co-operate to the fullest extent with members of the city council in bringing in new and larger industries.

"With the development of the Richmond inner harbor, work on which has been started, there is no question that Richmond can look forward with assurance to new and important industrial acquisitions during the coming year," Mayor Scott said.

One of Mayor Scott's first official acts was the appointment of J. H. Plate, retiring mayor, and Councilman J. N. Hartnett as the city finance committee.

Monday night Mayor Scott will preside over a session of the city council at which bids will be called for the construction of municipal wharf No. 2 in the inner harbor, which is an integral part of the local harbor development program.

Kiwanis Delegate Is Expected Home

Anton Nelson, owner and manager of the San Pablo Lumber company, is expected to arrive in Richmond on Saturday, after a six week's tour of the East, according to word received by J. H. Fitzpatrick.

Nelson was the delegate of the Kiwanis club to the international convention held recently at St. Paul. After the convention he went on to the eastern states, where he visited friends and relatives.

BIRTHS REPORTED

The following births were registered at the city health department yesterday:
July 1, a son to Mr. and Mrs. R. R. Simoni, 222 South Fourth street.
July 3, a son to Mr. and Mrs. Roy L. Walker, 431 Twenty-first street.
July 4, a son to Mr. and Mrs. E. W. Wiles, 3024 Thirteenth street.
July 5, a son to Mr. and Mrs. J. J. Finnell, 1521 Barrett avenue.

MARRIAGE LICENSE ISSUED

In Martinez, yesterday; to Andrew Guiterrez, 27, and Concepcion Vega, 18, both of Richmond.

STANDARD OIL PORTLAND DOCK HURT BY FIRE

Explosion Fires Launched Which Drifts Into Oil Soaked Docks Of Standard Oil Co.

UNION OIL DOCKS IS DAMAGED

Tanker Endangered as Blazing Gasoline Spreads to Harbor; Fire Boats Assist

UNIVERSAL SERVICE

PORTLAND, Ore., July 8.—Gasoline-fed fires at the Standard Oil company's waterfront plant at Willamette in Lower Portland harbor, burst into flames late today following an explosion. The fire spread with great rapidity and all available land and harbor fire fighting apparatus was rushed to the scene.

The fire started when the launch Vision on her trial trip, caught fire in midstream and drifted against the oil soaked docks. The captain and engineer of the launch put on life preservers and leaped into the river when the gas tank exploded and were picked up by a dredge.

A hard fight was made to keep the blazing gasoline from reaching the water and endangering all shipping in the harbor. The Standard Oil Company's dock was nearly destroyed and the Union Oil Company dock adjoining was badly damaged.

The Union Oil company tanker La Purissima, just in from California, was discharging at her dock and barely escaped being enveloped in the flames. The tanker's crew anchored her in the stream and with the fire hose held the fire in check until two Portland fire boats arrived. Two storage tanks located some distance away were not touched although telephone lines leading to them were put out of commission.

34 New Oil Wells Started in State During Past Week

Oil field operations reported to State Oil and Gas Supervisor R. D. Bush during the week ending July 4, show 34 new wells started, as compared with 49 during the previous week. Of the 34 notices to drill filed this week, 8 were for wells in the Inglewood field, 2 in the Rosecrans field, 4 in the Long Beach field, 3 in the Torrance field, 3 in the fields of Ventura county, 1 in San Mateo county, 13 in the fields of Kern county and 1 in Fresno county. The total new wells this year is 753, as compared with 812 at the same date last year.

Tests for water shut-off this week numbered 29, the same number as during the previous week. Yearly total to date, 7774; total to same date last year, 892.

Deepening or redrilling jobs this week numbered 18, as compared with 21 during the previous week. Total to date this year 499; total to same date last year, 411.

Abandonments this week numbered 7, as compared with 11 during the preceding week. Total to date this year, 224; total to same date last year, 264.

UNDERGOES OPERATION

Walter Mills, of 326 Twentieth street, underwent an operation for the removal of his tonsils at the Cottage Hospital yesterday afternoon. Dr. Hall Vestal was the performing surgeon.

At the Richmond Maternity hospital yesterday, a baby girl was born to Mr. and Mrs. Rose of Crockett.

Santa Barbara Is Free From Future Quakes Is Prediction

By A. HAROLD NOON,
Universal Service Staff Correspondent

SAN FRANCISCO, July 8.—"Santa Barbara will not experience another earth shock for some years to come. The earthquake strain is off and it is now one of the safest places in the United States so far as that is concerned."

This statement was made today in a letter received by Dr. D. M. Willis, manager of Californians, Inc., from Professor Bailey Willis of Stanford University and president of the Seismological Society of America. It was Professor Willis, internationally known as an authority on earthquakes, who predicted the shock in question months before it actually happened.

"The Santa Barbara earthquake was a local shock of moderate severity. The area within which it was starting was about sixty miles long by ten miles wide. The area of destructive intensity was limited to a few acres."

In discussing property damage, Dr. Willis said: "The fundamental cause of earthquake damage is the general neglect of the precautions necessary to insure ourselves against it. Good buildings stood while those of poor construction revealed their weaknesses. The responsibility really comes back to technical men and public opinion. If the engineers and architects had insisted on adequate building laws and if public opinion had supported the officials in a rigid enforcement of the rules of good construction, this moderate severe earthquake would have passed simply as an interesting experience."

Quake Insurance In Great Demand

Insurance companies in California are now doing a large office business in earthquake insurance as a result of the recent tremors along the coast. A. P. Willis, special agent of the Aetna Insurance company, stated, while in conference with J. H. Fitzpatrick of the Metropolitan and New York Life Insurance company, yesterday, that his company was overstocked with this special division of insurance. A number of new men even had to be added to the regular force, Willis declared.

NEW SEABOARD RAILWAY MIAMI TO PALM BEACH

(By Universal Service)
MIAMI, Fla., July 8.—The Seaboard Air line tracks between West Palm Beach and Miami, construction of which will begin shortly, will carry Seaboard trains between those two cities by the end of 1925, according to announcement just made by Seaboard officials. The distance to be covered is 67 miles.

Plans are being further made to build a farther extension of the Seaboard from this city to Cape Sable, the extreme southernmost point of Florida. The new tracks will connect with those of the Florida Western and Northern, in operation by the Seaboard since the beginning of this year, thus connecting Miami and Tampa with their first through line.

A new connection from Cape Sable to Havana is forecast as a result of the completion of the Seaboard line to Cape Sable.

POLICE COURT REPORT

Fines to the extent of \$19,741.56 were imposed in the Richmond Police court during the past year, according to Judge C. A. Odell, the bulk of them being for violation of the Wright Act and the motor laws. The fines for 1923-24 were larger than this year, due probably to the gradual decrease in Wright Act violations, Judge Odell said.

"LEFTY" FLYNN FORMER YALE FOOTBALL STAR MARRIES VIOLA DANA

Mr. and Mrs. Maurice B. "Lefty" Flynn snapped after their recent quiet wedding at Los Angeles, Cal. Flynn was a former gridiron star of Yale and is now an independent screen star. Mrs. Flynn is the former Viola Dana of movie fame.

EXTENSION OF BELT RAILWAY OPENS TRACT

The Richmond Belt Railway is being extended from its present terminus at Point Orient to hook up with the terminals of the San Francisco Oakland Terminal Railway at the Richmond-San Rafael Ferry docks. This will give the Belt Railway a complete loop of the hills north of the Standard Oil Company's plant.

Incidentally, the extension across the tide flats west of the old shrimp camp will open up a tract of several hundred acres of very desirable industrial property.

Grass Fires Call Out Department

The Richmond Fire department was called out in answer to two alarms for grass fires yesterday. The first was at 10:30 a. m. at Seventeenth and Roosevelt avenues (Chemical No. 1, answered the alarm, and put out the blaze before damage could be done. The other, which was also harmless, was at 10:50 o'clock last night. Engine No. 3 was detailed to Thirty-eighth and Cerrito.

GEORGIA'S PEACH CROP SOLD BEFORE PICKED

(By Universal Service)
ATLANTA, Ga., July 8.—A large percentage of famous Georgia Elberta peach is now being marketed on the tree, scientifically assorted and graded and being distributed according to the demands of the different sections following the methods of California and Florida fruit growers.

In one Georgia county alone (Columbia county) contracts totalling more than \$150,000, purchasing the peach crop before ripe, were closed. The price ranged from \$1.75 to \$2.75 per crate. The crop movement will continue through the month of July.

Los Angeles—General Electric Co. to build \$500,000 factory and warehouse.

COURT ROOM IN UPROAR AS JURY HEARS EVIDENCE

Crowd Cheers Wildly as Attorney Makes Plea For Defense At Trial of Hall

JUDGE DISPERSES AUDIENCE

Lawyers in Sensational Squabble Over Charge That Court Room was "Packed"

SACRAMENTO, July 8.—A day of sensational assertions and charges, hurled by rival attorneys in the murder trial of Floyd Hall, escaped San Quentin desperado, culminated late this afternoon in an open demonstration for the defense as the closing arguments began and resulted in the clearing of the packed court room and the arrest of two spectators.

The demonstration rising to wild applause for Roy T. Coughlin, chief counsel for Hall and concluding only when deputy sheriffs and court officers herded the crowd out of the court chamber, was followed by a claim from District Attorney J. J. Henderson that the room had been "packed" with persons "brought here solely to overawe and intimidate the jury."

"That is not so," shouted Francis Murphy of San Francisco, associate counsel for Hall. "I accuse you, Henderson, of deliberate lying in an attempt to intimidate the jury."

AUDIENCE IN UPROAR

The disturbance in the audience, apparently keyed to a high pitch of excitement, began during a heated controversy between Coughlin and the district attorney, who had questioned a point raised in the prosecution of the defense.

"We claim that Hall did not murder Harry Langford," said Coughlin, "and we object to the district attorney continually putting me on the stand to prove that this innocent man is guilty. We demand fairness and justice, where the life of a human being is at stake."

A storm of denunciations greeted this statement and continued as Judge Charles O. Parker ordered from his chair and ordered the courtroom cleared.

When many of them were under the age of twenty years, were forced out of the room along with the men. All seats in the court room were taken and the crowd stood three deep along the walls.

SEWER CONTRACT AWARDED

The contract to install three blocks of storm sewer in San Leandro was awarded to Eric Meyer of Richmond by the city council of San Leandro Tuesday night. Meyer was the lowest bidder at \$1,000, with a figure of \$1,004.

Official Paper Of The City Of Richmond, California

DOING THE IMPOSSIBLE

Last December an unknown man named Baum came quietly into Richmond.

He had a nice handshake, an ingratiating smile, a soft voice, a good deal of money, and a most persistent way of asking embarrassing questions.

He went up and down the streets, button-holing businessmen and women, and asking them what they thought about their town. The answers he got from some of the leading people would make a man of blueing ashamed of itself.

He asked about the public spirit in town, the co-operativeness, the willingness of people to work for a public cause, and a lot of other things.

Then he went away and we almost forgot him.

But about six weeks later a man named Barr came in with a big binder full of data on Richmond. This data was a compilation of the replies Baum got to his questions.

Barr reported to the Board of Directors of the Chamber of Commerce that his company, the Hockenbury System, on the basis of Baum's survey, would guarantee to raise \$150,000 in Richmond for a new hotel.

The Board considered a few days, and said "Go to it."

Everybody in Richmond now knows what happened.

More than 150 men of this city rolled up their sleeves, put their neck into the collar, forgot their business and their families and in a few days raised \$205,000 to finance our new hotel.

We did what 'they' said couldn't be done.

And do you know that in the month since that hotel campaign closed not one single croak or knock has been heard in Richmond!

If the campaign had done nothing else, the fact that it shut up the calamity-howlers, silenced the pessimists, holed up those who always croak "It can't be done," would be worth a million dollars to Richmond.

SHAKE HANDS WITH YOURSELF

Richmond retail business has been picking up for sixty days, and is better this year than it was this time last year.

There is less unemployment in the city today than a year ago or at the opening of 1925. All factories are going full-tilt.

There is more than \$4,600,000 in Richmond savings banks, which divides up about \$850 per family.

594 people subscribed \$205,640 to the new hotel.

Nearly 3,000 men and women working for our largest industry are saving from 10 to 20 per cent of their pay each month, and still find money to own automobiles, buy furniture, pay installments on the radio, and take in the movies and ball games regularly.

Three automobile distributors are building new homes; three big new office-store buildings are going up; half a dozen apartment houses are now under contract with 200 more to follow this year.

About ten miles of new water lines are going in, and about five miles of new paving will be laid within the next four months.

The new wharf will be built on the Inner Harbor before snow flies in the Sierras, and the new bath house is half finished.

The new hotel will break ground about September 1.

The Air Field is a potential success, and a commercial service to Los Angeles will be established within 90 days.

Most people on the street feel good and show it. They have enough to eat and wear, enough smoking tobacco to do, enough fun to keep them mellow, enough gas in the bus to keep the family quiet, and hope for the future.

HARBOR DEVELOPMENT

Wharf Number 2 is well on her way, and the city fathers have taken a great step forward in the development of Richmond harbor.

We have about \$128,000 of our own money for further dredging, and the construction of Wharf Number 2 at the foot of Tenth Street will, we believe, move the government to match us dollar for dollar for more dredging in the channel.

We need ten thousand feet more of training wall; the channel has shallowed in some places and it is up to the government to clean out to 24 feet depth.

There is now on foot a development project which will, it is expected, be ready for publication within 60 days and which will mean the making of Richmond Harbor.

With our strategic location here we will have a great harbor if we are willing to spend the money to get it.

Oakland is getting ready for an \$8,000,000 harbor bond issue in September. The last harbor bond issue in Oakland carried by 16 to 1. Since then Oakland's harbor has developed a tonnage of more than 2,000,000 tons a year, and there is no doubt the people will again walk to the polls and vote harbor bonds.

The value of a harbor is intangible but decisive in the making of a great industrial city.

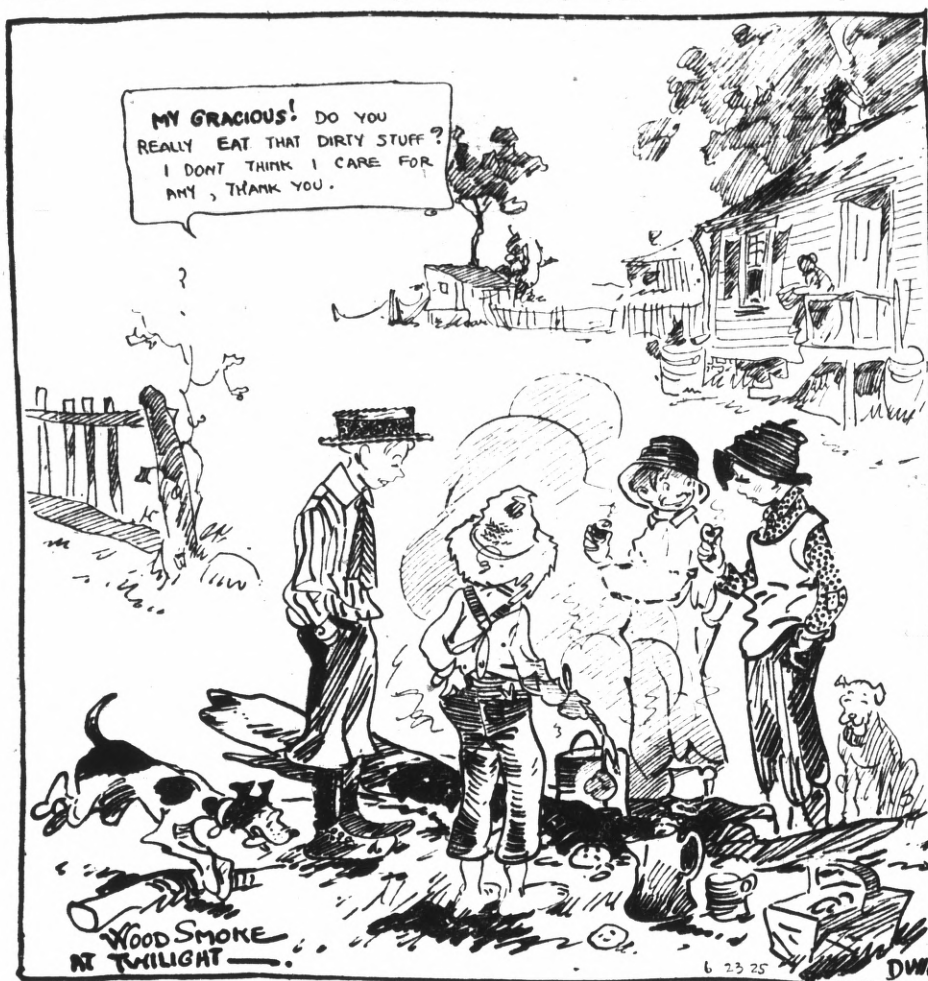

A city on deep water without harbor facilities is like a store without street and sidewalk approaches.

No business can or will be done.

DRESS

By MARY MARSHALL
Copyright 1925 by The McClure Newspaper Syndicate

The Long White Tunic Over Black Satin Slip Is Worn Outdoors Without a Wrap.

YOU might think at first sight that there was a lady with a very short frock—it might have shrunk in the wash—worn over a black silk slip that hung below. It was a pity that she did not consult her pier glass before she came out. But before you air such opinions you recall that someone has told you that very long white tunics worn over black or otherwise dark underslips were used with success by many very well-dressed women at the French races earlier this season. So the lady you have seen is just reflecting this new departure in French fashions.

American women have always had an aversion to anything white and transparent over a darker slip. It seems to us as if there is something not quite neat wearing a navy blue

little peeps of the dark slip beneath. The sketch shows a long tunic of white crepe de chine made without such openwork devices—the only place that the black satin slip appears is below the hem of the tunic and at the front where the blouse is slit a few inches for the front opening. Clad in a tunic of this description the smart young woman feels adequately dressed for the street—sans any sort of wrap. In fact the long white tunic seems to preclude the necessity of any wrap, save, of course, for the sake of warmth.

WISE AND OTHERWISE

By MARY MARSHALL

FRUIT ON LEAVES

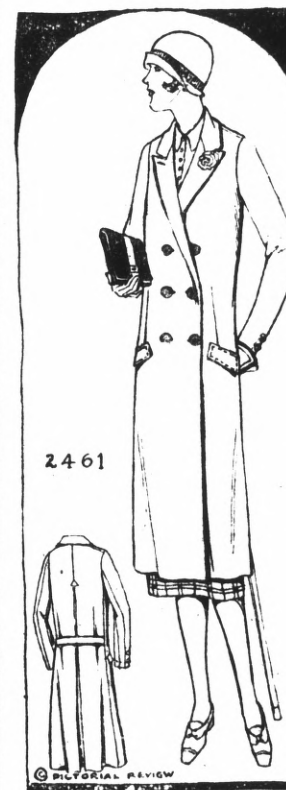

SOME fastidious housewives make a rule always to serve fruit on some sort of green leaves. Grape leaves are very useful for this purpose and the suburbanite usually has room in even a small garden spot for a grape vine that will provide leaves for this purpose. If you have no brushes or vines in your own garden for this purpose you may be able to get them from some nearby grove or woods. If you like you may pick quite a stack of leaves and keep them in a cool place to use for several days.

Virginia creeper leaves are much admired for this purpose. But remember that the Virginia creeper is a five-leaved vine that grows up the side of woodland trees—and not the three-leaved vine. One housewife, more enthusiastic than wise, gathered some very pretty leaves to use for garnishing fruit and carried them home, only to learn to her sorrow that they were leaves of poison ivy. Hundreds of little blisters on her hands taught her her mistake. Virginia creeper leaves turn a gorgeous red later in the summer, and they are most attractive when just half green and half red. There are even some weeds that have very good leaves for this purpose. They should be selected with some care, for each leaf should be perfect, and of course it should be well washed before being used for this purpose.

One cannot use fruit for decorative purposes so much in summer as in winter, for the reason that when left in a warm living or dining room it soon spoils. However, you may put fruit on the breakfast table in the natural state, cultivating the habit in your family for eating fruit "in the skin." There could be nothing prettier for a breakfast centerpiece than a dish of assorted fruit, laid on fine green leaves. When you can manage to do so, it is nice to use the leaves that belong to the fruit—and this is sometimes possible with plums, grapes, apples and currants.

Daily Fashion Hint

DECIDEDLY SNAPPY

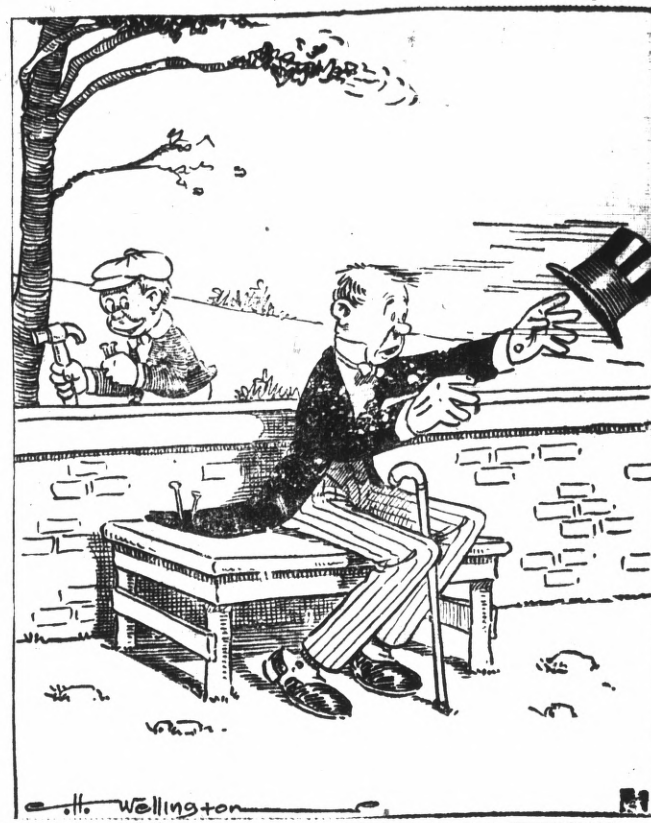

At the smart semi-sports events as well as on general occasions, this coat of fine twill is seen as one of the season's novelties. It is dart-fitted in front at the neck and above the pockets, the back being plaited part way. The fronts are underlaid with self-material and rolled to form revers. Fawnskin, cuir de laine and ottoman are also smart suggestions in the way of materials, medium size requiring 3 1/2 yards 54 inches wide. Pictorial Review Coat No. 2461. Sizes, 14 to 20 years and 34 to 46 inches bust. Price, 45 cents.

WHERE IT STARTED

"Bunting," now used for making flags, was originally sifting-cloth. The phrase "to bunt" means "to sift" and the cloth of various degrees of fineness used in sifting flour was called bunting. Its strength and capacity for hard wear made it excellent material for flags; since wire netting is now used to sift, "bunting" is made for flag-manufacture alone.

Oroville—Mt. Ida Packing Co. and Ehmann Olive Co. merge under name of Olive Products Co. New firm will control 2,000 acres of olives with output of 6000 tons, per season.

--and the Worst is Yet to Come

TOMORROW'S MENU For Friday

BREAKFAST

Canned Apple Sauce
Cereal and Cream
Stuffed Fish Fillets
Rolls
Coffee

LUNCHEON OR SUPPER

Eggs and Tomato
Peanut Butter Sandwiches
Fresh Pineapple

DINNER

Mackerel and Fennel Sauce
Mashed Potatoes
Beet Greens
Beet Salad
Custard Pie

Stuffed and Baked Fillets of Fish: Make any good bread stuffing, place a little on each fillet, roll up, put in a greased tin, and squeeze over each a little lemon juice. Bake slowly for twenty minutes; serve on a hot dish garnished with parsley.

Eggs and Tomatoes:

3 hard-boiled eggs.
Half a pound of tomatoes.
A medium-sized onion.
An ounce of butter.
An ounce of grated cheese.

1-2 cup stock or one beef cube dissolved in 1-2 cup hot water.
Pastry Tart Shell: Cut the onion into small dice and fry it in the butter until tender, without letting it brown; add the tomatoes, cut in

slices, and the stock, and simmer all until smooth and thick; shell the eggs and cut them in quarters lengthwise, add them with the grated cheese and let all simmer for ten to fifteen minutes. Have the tart-case very hot, fill it with the egg mixture and serve at once on a very hot dish.

Mackerel with Fennel Sauce: Wash and clean 2 mackerels, and remove the roes. Put all into the stewpan with 1 tablespoon vinegar, cover well with plenty of cold water, bring to the boil, then simmer till done (about ten minutes). Put the fish and roes on a hot dish, pour a little sauce over and serve the rest in gravy boat.

To make the Sauce: Remove the stalks from a small bunch of fennel, put in a little salt and boil for two minutes.

Strain off the salt water, and chop the fennel very finely (there should be about a tablespoonful to this amount of sauce).

Knead four tablespoons butter with 1 tablespoon flour, put it in a saucepan with 1 cup milk, and stir over slow heat, until it has boiled for four minutes. Stir in the fennel, and use.

STYLES FOR DAYTIME

The straightline frock in velvet is extensively featured by Paris dressmakers this season, the dark, rich shades of brown being in special demand. To the left is an attractive daytime model that closes in the front, where there is a panel of striped self-material. The neck is finished with a convertible collar and, if desired, the sleeves can be lengthened with long, close-fitting sections trimmed with turn-back cuffs. Medium size requires 3 1/2 yards plain and 1 1/2 yard 36-inch figured velvet.

Black velvet and white crepe de chine are used for the skirt and blouse, respectively, shown to the right. The skirt is attached to a camisole bodice and may or may not be trimmed with buttons. The blouse has short sleeves and a round collar of self-material, also small patch pockets. For the blouse medium size requires 2 1/2 yards 36-inch material and for the skirt 2 1/2 yards 40-inch velvet, with 1/2 yard 36-inch silk for the camisole.

First Model: Pictorial Review Dress No. 2294. Sizes, 34 to 48 inches bust and 16 to 20 years. Price, 35c.

Second Model: Blouse No. 2295. Sizes, 34 to 46 inches bust and 16 to 20 years. Price, 25c. Bodice Skirt No. 1956. Sizes, 34 to 48 inches bust and 16 to 20 years. Price, 30c.

Couple Married At Christian Church Parlors

With a quiet ceremony performed in the First Christian church last night at 7:30, Otto Miller, son of Hans Miller of 215 Twenty-second street, claimed as his bride Miss Ortha E. Rose, daughter of J. W. Rose of 539 Eleventh street.

Rev. Frank A. Woten, pastor of the church, performed the marriage ceremony, which was witnessed by only a few relatives and friends of the couple. Homer Newell acted as best man and Wilma Rose, sister of the bride, was bridesmaid.

Mr. Miller is a boilermaker by trade, and after a short honeymoon trip, the couple will establish a home in Richmond.

CHRISTENING CEREMONY HELD AT NEWSOME HOME

The home of Mr. and Mrs. Fred S. Newsome was the scene of a christening party for Antonia Winifred Dunlop, baby daughter of Rev. and Mrs. John W. Dunlop, Tuesday evening. Rev. James Curry performed the christening ceremony.

Attending the ceremony and the dinner which preceded it were Dr. and Mrs. James Curry, Rev. and Mrs. J. W. Dunlop and sons John, William, Harry and Paul; Mr. and Mrs. Arthur C. Dunlop and son Arthur, of Berkeley; Mr. and Mrs. M. Walter and sons Richard and Daniel, of Berkeley and Mr. and Mrs. Fred S. Newsome and son, David.

MRS. COLE HOSTESS TO RICHMOND WAR MOTHERS

Mrs. A. B. Cole was the most charming hostess to twelve members of the Richmond War Mothers at a party given in her home at 587 Third street, last evening. The evening was taken up with a social time at which, and other games, with music and songs. Mrs. Cole delighted her guests with delicious refreshments at the close of the evening.

Mooseheart to Hold Birthday Celebration Soon

Several new members were initiated by the Women of Mooseheart Legion at the session held in Moose hall last night. Sister Regent Vallie Schoeder, presided over both the initiation ceremonies and the short business meeting that followed.

Preparations were made for the fourth birthday celebration of the chapter, which will take place on August 5. An able committee was appointed to make it one of the nicest events of the season. The committee is headed by Mrs. Marie Lee Kelly, general chairman, and she will be assisted by Francis Lods, decorations, Cora Price, refreshments, Vallie Schoeder, entertainment.

The Sewing club of the Mooseheart Legion will hold a whist party, to be thrown open to the public, in Moose hall on August 12. In charge will be Mrs. Ethel Pendleton, chairman.

Pon Honor grocery will be the place of a food sale to be given on July 18. The committee in charge of this affair is composed of Vallie Schoeder, Mrs. Patterson, Francis Cordova and Elizabeth Valler.

Following last night's meeting refreshments were served by Dora Pownell, Minnie Phillips, Elizabeth Valler and Cora Price.

EPHETE CLUB TAKES SUMMER VACATION

Decision has been made by the Ephete club to postpone all club activities and meetings until after the summer vacation period. Meetings will be resumed in the fall.

He Owes His 40 Years of Constant Good Health to Beecham's Pills

"In 1884 I started taking Beecham's Pills two or three at bedtime and can now eat anything I like without feeling distressed. I have not had a sick day in all the 40 years. I have recommended Beecham's Pills to my friends and in almost all cases they have proved satisfactory. I was troubled with sleeplessness and Beecham's helped me very much."

Wesley Circle Meets for Bazaar Work

The piecing of quilts for the bazaar to be given this fall occupied the ladies who attended the meeting of Circle No. 2, Wesley Ladies Aid society at the home of Mrs. Charles Dunning, 706 Chanslor avenue, yesterday afternoon. Circle No. 2 is planning to give two quilts to the bazaar, and much work was done on them yesterday. Mrs. W. F. Dunning, chairman of the circle, was in charge for the afternoon.

The work of the afternoon was interspersed with two vocal solos by Miss Rose Hohenlaugh and two readings by Mrs. C. H. Shram, all of which were pleasing to the members, and were received warmly.

The circle extended a vote of sorrow to B. E. Scoble, who was recently bereaved in the loss of his wife, who was a member of Circle No. 2.

The next meeting will be held at the home of Mrs. J. A. Wallis, 515 Bissell avenue on August 12, at which time further work will be done for the bazaar.

Masonic Sewing Clubs Busy On Bazaar Work

Preparing articles for the bazaar to be held in the fall, is now the principal business of the sewing clubs for the Eastern Star chapters in Richmond.

At the Masonic hall yesterday afternoon, the Arema Sewing club spent the afternoon sewing for the bazaar. A good number of ladies were present, and they brought with them their needles and other necessary articles for sewing, and did a great deal on the work that the Arema club will do for the affair. Mrs. Chrissie Woods, president, presided over the meeting, and Mrs. C. R. Farout, and Mrs. Clyde Baker were the hostesses who served the lovely refreshments.

Mrs. J. O. Redman entertained the members of the Point Chapter Sewing club in her home at 116 Nicholl avenue. A profitable afternoon was spent at sewing, under the leadership of Mrs. Dustheimer, president. The hostess delighted her guests with dainty refreshments during the course of the afternoon.

Montebello—Montebello Park home district to be improved at cost of \$650,000.

BITTER FIGHT IS FORECAST ON EVOLUTION

By EARL L. SHAUB

Universal Service Staff Correspondent
DAYTON, Tenn., July 8.—"Shall we be taxed to damn our children?" That is the new battle cry of the fundamentalists that is sweeping Tennessee today.

It is the latest of a series of slogans that plaster this state. Other popular slogans are: "Hell and the High School," "Christ or Evolution," "God or Gorilla."

The fundamentalists are in dead earnest about their fight on the spread of the theory of evolution. They believe, as William Jennings Bryan said last night, that it is a fight to the death between Christianity and evolution. They believe that if evolution is popularly accepted the church must pass away.

FIGHT FOR SURVIVAL.
In spite of their opposition to the teachings of Charles Darwin, they believe this is a fight for the "survival of the fittest," and that they are in the greatest battle of history. They sincerely think this is a holy war, though a bloodless one.

They are firmly convinced that civilization itself is at stake. They are sure that evolution can only lead to ruin and disaster, wreck character and blasted lives. They see evolution at the root of every crime. They believe that Leopold and Loeb were evolutionists that Darwin's theory is filling the penitentiaries.

They welcome the case of John

KNIGHTS TEMPLAR CONFER TEMPLE DEGREE ON CLASS

The Temple Degree was conferred on a class of candidates at a meeting held in Masonic hall last night by Richmond Commandry, No. 59. Knights Templar W. F. Fraser, commandant, was in charge of the session, and headed the regular staff of officers who conferred the degree.

Thomas Scoble who is to go on trial here Friday for teaching the scientific theory, although the people of Dayton like Scoble personally, but feel that he is a misled boy.

They believe that the publicity this trial gets will awaken the world to the peril of unbelief in the literal interpretation of the bible.

FOUNDED FOR PURPOSE

Dayton has become the greatest university on earth," said one of the Main street characters today. It has become a great correspondence school and has the largest list of pupils in the world. Everyone who reads the newspapers now is a student in this school.

They compare Dayton to Bethlehem and believe that both towns were founded by an all-seeing providence for the express purpose of enlightening humanity.

The evolution case is also a hot political issue in this state and has been for two or three years. Governor Austin Jay was elected on an anti-evolution platform. He expects to be re-elected on the same plank and then go to the United States Senate on it.

All other candidates for any office in the state must express their belief in the literal readings of the scriptures if they would avoid defeat.

The people of Tennessee hope to get the citizens of bordering states to join them in the crusade against evolution and eventually to outlaw evolution in this country just as liquor was outlawed by the Eighteenth amendment to the constitution.

Mr. Bryan confirmed this program in his speech last night when he said they would carry the fight beyond the supreme court if necessary.

New Japan Submarine Built In Record Time; Many Others Under Way

UNIVERSAL SERVICE

LONDON, July 8.—Japanese shipbuilders, according to a message just received here, have established a world's record for speedy naval construction in time of peace. Her latest submarine I-53, laid down early last year, has been constructed and made ready for sea in a little more than 12 months.

While she is certainly the largest underwater craft ever completed for the Japanese navy, her dimensions are not by any means phenomenal. When in surface trim she displaces 1700 tons, and when running submerged she is probably from 600 to 700 tons heavier.

Neither her speed nor her armament has been revealed, but she is understood to be good for 21 knots on the surface and she will have a couple of medium quick-firers on deck, besides a number of torpedo tubes. She may also be fitted to carry

mines. She is reported to be capable of making a return voyage across the Pacific, which means that she has a radius of at least 8,000 miles.

Powerful as is the I-53 she is quite eclipsed by submarines now in service or under construction for other navies. For example, the British X-1, displaces 2,780 tons and is thus 1,000 tons larger than the new Japanese boat. The United States has completed two submarines of the "V" class of 2,164 tons, and France is at work on two boats of 2,400 tons.

Japan is believed to have seven other boats of the I-53 type completing or on the stocks, in addition to four smaller submarines; and her program calls for a further 16 submarines to be laid down during the next few years. Including boats already in service, her underwater fleet will soon number 79 units, 14 of which are above the 1,000-ton mark.

Gigantic Air

(Continued From Page 1)

New York over airplanes traveling via Salt Lake City and Chicago.

Greatest secrecy has been maintained in the negotiations. That the proposal made to Southern California is also being made to men of wealth and influence in other sections of the nation, was the declaration of Mr. Ford's representative in his negotiations here.

SOUTH ENTHUSIASTIC

The proposition to bring into the Ford fold the financiers of the nation is the result of the manufacturer's study of the nation's air needs, according to statements of his representative.

Business men of Los Angeles were enthusiastic over the probability of Los Angeles being awarded an air mail terminal with direct flying contact with Chicago and New York—a need long felt by many institutions chiefly banks.

That additional air lines, running north and south out of Los Angeles, would be incorporated in the Ford proposals, was the hope of those to whom the project had been revealed. Bankers and financiers, however, were guarded in their comment on the proposals or the eventual outcome of the project.

The Book of Knowledge

Of Milk the learned doctors say, "Drink at least a quart a day." They say it because they know that milk is a vitalizing food and a quart a day contains the same energy-giving value as eight eggs or three quarters of a pound of lean beef.

Then too, there is less work for the digestive organs to do and consequently children don't have that tired out look which accompanies overeating. Our perfect milk is the kind Doctors mean.

She is a well known writer of ability, and will speak under the auspices of the Orinda Parent Teachers Association. Her lectures will be appreciated by interested mothers.

LEGAL NOTICES

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF ALAMEDA. In the Matter of the Estate of JANE EMMA SEELEY, also known as JANE WOOD, Deceased.

Notice is hereby given that the undersigned, administrator of the Estate of Jane Emma Seeley, also known as Jane E. Wood, deceased, will sell at private sale to the highest bidder, and upon the terms and conditions hereinafter mentioned, all of her real and personal property, subject to confirmation of the above entitled court, on or after the 15th day of July, 1925, the following described Real Property situated in the County of Contra Costa, State of California, and in the City of Richmond, California:

Lot 1 and 2 in Block 27, Empire Subdivision of Richmond in Contra Costa County, California, as shown on map of said subdivision filed in the office of the County Recorder of the County of Contra Costa on January 17th, 1924, and in the City of Richmond, California.

Terms and conditions of sale: Three hundred and sixty thousand dollars cash, lawful money of the United States.

All bids or offers must be in writing, and may be left at the office of P. H. Gutteridge, Administrator of the Estate of Jane Emma Seeley, also known as Jane E. Wood, deceased, room 1002 Hearst Building, San Francisco, California, or may be delivered to Fabian D. Brown, attorney for said administrator, at said address, or may be filed in the office of the Clerk of the Superior Court of the County of Alameda, State of California, which is the place where the return of said sale must be made, at any time after the publication of this notice and before the making of said sale.

Dated June 17, 1925.

P. H. GUTTERIDGE, Administrator of the Estate of Jane Emma Seeley, also known as Jane E. Wood, deceased.

FABIAN D. BROWN, Attorney for administrator, Hearst Building, San Francisco, Publish, July 2 to 15 incl.

All Out of Sorts

All too often women accept their pains and aches as natural to their sex. They fail to realize that weak kidneys are often to blame for that backache, those headaches, dizzy spells and that tired, depressed feeling. Thousands have found new health and strength by helping the weakened kidneys with Doan's Pills—a stimulant diuretic. This Richmond case is one of many.

Mrs. Preston Rosier, 274 Twenty-first street, says: "I had dizzy headaches, backaches, and pains across my kidneys. I felt miserable and had no energy and my kidneys acted irregularly. Doan's Pills have always relieved me of such attacks, strengthening my back and regulating my kidneys. I can't say too much for Doan's for I know they are just as represented."

Mrs. Rosier is only one of many Richmond people who have gratefully endorsed Doan's Pills. If your back aches if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S PILLS—the same that Mrs. Rosier had—the remedy backed by home testimony. To get it at all dealers. Foster-Wilbur Co., Mfrs., Buffalo, N. Y. "When Your Back is Lame, Remember the Name."

KIWANIS CLUB TOLD REWARDS OF SERVICES

Speaking on the subject of "The Rewards of Service," Wilbur S. Pierce, president of the Kiwanis club and local attorney and orator, told the members of the Richmond Kiwanis club at their noon luncheon yesterday that they must serve in order to be of benefit to the organization of their choice, and that "serving your organization is serving your community, and there is a responsibility on each member."

Charles M. Courtwright was chairman of the meeting which was held in the Veterans Memorial hall. Trusting stories were related by M. F. Hollister, of the Hollister Bookman company and musical numbers were given by Archie Wifredo, tenor, of the Lions club, and Percy Roberts, song leader of Kiwanis with Emil Esola at the piano.

Willard Poage was awarded a Bible as the attendance prize, and Assistant Fire Chief J. J. Barry was appointed as chairman for next week with the program to be under the direction of E. L. Kearney.

HEAD OF PROHIBITION ENFORCEMENT FINDS TEA AN EXCELLENT STIMULANT WHILE AT HIS DESK

Lincoln C. Andrews, Assistant Secretary of the Treasury in charge of the prohibition enforcement, is an ardent tea drinker. He is seen here benefiting from a refreshing glass of the beverage that cheers without inebriating.

Advertising More Than Offsets Air Congress Deficit

According to a report submitted to the board of directors of the Richmond Chamber of Commerce, commercial and federal service yesterday by the airfield committee, carried in the report which was accepted by the congress held in Richmond and filed.

mond resulted in a deficit of \$129.54, but this was held to be more than off set by the large amount of advertising and publicity brought to the city by the meet.

A recommendation that an enlarged committee to handle the affairs of the Richmond air field should be appointed and instructed to construct the hangars and prepare the field for Richmond Chamber of Commerce, commercial and federal service yesterday by the airfield committee, carried in the report which was accepted by the congress held in Richmond and filed.

YESTERDAY'S PUZZLE

"The Great Divide" At The Richmond Carries a Message

There have been few pictures which have brought so great a message as that which is presented on the screen at the Richmond theatre where the Metro-Goldwyn-Mayer production, "The Great Divide" is being shown.

How three men gamble for a girl, with one ultimately coming out victorious, how she is then bought for a string of gold nuggets and how she struggles to regain her freedom by getting possession of the nuggets is told in a forceful way.

The cast is full of interesting names and the performances are all excellent, though perhaps the two which stand out the most are those of Alice Terry, who plays Ruth Jordan, and Conway Tearle, cast as Stephen Ghent. Theirs are the most important parts and the tremendous mental conflict between them is unlike anything that has been witnessed on the screen before.

Wallace Beery as Dutch and Geo. Cooper as Shorty are likable heavies, and Zasu Pitts as Polly brings out a pessimistic part prominently forward, which adds much comedy. William Orland as Lon is ludicrously funny while Huntly Gordon, as Philip Jordan and Allan Forrest as Dr. Winthrop Newbury, have roles of importance which have been justifiably entrusted to them.

Other features on the same program include "Wild Papa," a Spat Family comedy; "Prizma," a screen magazine.

TAITTEAN GAME RESULTED IN STRONG NEW STIMULUS FOR IRISH ATHLETICS

DUBLIN, July 8.—Although the Taittean games showed a loss of 3,000 pounds sterling J. J. Walsh thinks the results were more than worth it. In a recent speech he said that the benefits resulting to Ireland from the reestablishment of the games after a lapse of centuries exceeded all expectations.

The enormous stimulus given to athletics in Ireland by the presence of the Olympic champions, and the revival of amateur boxing and gymnastic, which had almost ceased to exist, were worth every penny of the deficit.

Walsh paid a handsome tribute to Joey Ray and Osborne as well as to the other competitors from the United States, Canada and elsewhere. It was Ray and Osborne who started the craze now sweeping England—the so-called "Oxford bags." The balloon shaped trousers they slipped on over their running gear when not competing with imitation by the Oxford boat crew in this year's inter-varsity race. The trousers tickled the fancy of the young blood of the West End of London and thus England's capital has a new fashion.

The most extreme of these leg coverings measure as much as 32 inches around the leg. They come in all colors from yellow to crimson.

SANTA FE GRASS FIRE BLAMED IN PHILLIPS BLAZE

MARTINEZ, July 8. (Special) Fire which raged a week ago Tuesday evening near Muir station and thought at first to be merely one of many grass fires has proven to have been a blaze causing considerable destruction and heavy loss, on the Phillips ranch, where a large quantity of fruit, packed and ready for shipment was destroyed and where a part of the orchard was fire swept, about 250 fine almond trees being damaged by the flames.

The fire spread from the Santa Fe railway's right of way where a crew of men was burning dry grass and weeds, to the adjoining lands of the Phillips ranch. H. Wilson, operating the ranch, claims a loss of over \$800 in ripe fruit entirely exclusive of some prune trees which were destroyed, all of which were fine, healthy trees and bearing well.

Adjusters for the Santa Fe are expected here Thursday to make an adjustment with Wilson to cover the loss sustained. The damage to the trees on the Phillips ranch recalls to memory the incident in Solano county some time ago when a farmer was allowed \$250 damages for the loss of one prune tree which was destroyed by an airplane.

GEORGIA'S WOMAN AUTHOR TAKES YEAR VACATION

CARTERSVILLE, Ga., July 8.—Mrs. Cora Harris, famous Georgia author has begun a twelve months vacation, the first since from her writings in many years. Mrs. Harris is visiting California and expects to sail for Australia before her year's rest has been completed.

"The Unholy Three" At The California Is Big Crook Film

There is no lack of thrills and excitement in Tod Browning's crook drama, "The Unholy Three," a Metro-Goldwyn-Mayer production, now showing at the California theatre.

Indeed, it may be said that Browning has made more than a good underworld picture. He has made a melodrama that will go over anywhere with a bang because it contains real heart interest, plenty of comedy and a lot of drama.

The story is a most unusual one and deals with a trio of freaks—a giant, a midge and a ventriloquist—who forsake their life in a dime museum to pursue a career of robbery and murder.

The trio cover up their misdeeds by running a hard and animal store, and succeed in escaping detection after each crime until two of them murder a wealthy club man while looting his home.

After shifting the blame on another, they flee to the mountains. Fearful of the strength and cunning of his confederates, the ventriloquist brings a powerful gorilla with him for protection. How the gorilla fulfills his mission, how the innocent culprit is defended by the agency of an unknown voice at the trial, how the mystery is cleared up brings the picture to a thrilling, satisfying end.

The cast contains such celebrities as Lon Chaney, Mae Busch, Matt Moore, Victor McLaglen, Harry E. Hines and Matthew Betz.

Miss Busch and Lon Chaney have the outstanding roles but the others take every advantage to give a very fine performance in what may be rightly called the best crook film of the year.

Other features on the same program include "Oh Bridget," a Walter

El Cerrito Seeks Street Car Line

The petition of the El Cerrito residents for a Key-System car line on Key boulevard will be heard before the state railroad commission on Friday morning at 10 o'clock in San Francisco, the case of El Cerrito to be presented by the Terrace Avenue club and the Improvement club. A fifty-foot strip of right-of-way is owned on Key boulevard by the Key System from El Cerrito to Tapscott park, from which place the people are now obliged to walk to the San Pablo car line.

An effort is being made to have the Mercantile Trust company establish a branch in El Cerrito, by the Improvement club, and plans are being made to establish a playground near Fairmont school.

TO THE PUBLIC OF RICHMOND CITY

To accommodate our numerous patrons in the City of Richmond, we have started a delivery service. Our man will call every Tuesday and Friday in this city. The work received on Tuesdays will be delivered on Fridays; the work received on Fridays will be delivered the following Tuesdays.

When you wish our wagon to call, please ring up Oakland 1030.

"Loyal Lives" Is Postman's Tribute At Wesley Church

A glorious tribute to the man you ought to know your letter carrier! Such as "Loyal Lives," a Whitman Bennett production which will be shown at the Wesley Methodist church, corner Ninth street and Nevins avenue, Friday evening at 7:15.

Spiced with acts of daring, a remarkable railway mail train hold-up and a post office robbery—this remarkable film is just filled with bits of pathos and comedy that make it the most human displayed here this season.

Brandon Tynan, as Daniel O'Brien, makes the finest portrayal of a character ever seen on the screen. His work as the letter carrier is remarkably realistic and human. Mary Carr, famed for her portrayal of the mother role, is at her best as Mary O'Brien, the suffering, loving wife. F. H. Hines adds a bewitching touch of beauty as Peggy. William Collier, Jr., plays Terrence with the ability that has made him one of the premiere actors of juvenile roles. His daring work in fighting the mail bandits on the train, and the resultant struggle in a river after falling off a train, were breath-taking.

The other members of the cast were well chosen for their parts. There is no doubt that everyone who takes a thrill and who enjoys moments of great pathos will want to see this outstanding photoplay.

Barbers Fail To Raise Prices Here

Postponement of a vote on the question of raising barber shop prices in Richmond was decided upon by the Barber's Union Local No. 508 at their meeting this week, and the prices here will remain the same for the present, at least. It had been proposed to raise the price of haircuts to 65 cents and shaves to 35 cents.

Masons to Plan Temple Building

A meeting has been called at Masonic hall on Tuesday night at 7:30 o'clock by the directors of the Masonic Temple association to discuss plans for the new \$100,000 temple to be erected on Nevins avenue, between Seventh and Eighth streets. In the stock campaign \$60,000 has been raised and the site has already been acquired. The plans and specifications have been completed so the directors will call for bids in the near future.

We never could see LOGIC in this

Some owners of pneumatic equipped trucks and delivery cars say —

"Why buy quality tires . . . the drivers abuse the tires anyway . . . cheap tires are good enough . . ."

Seems to us that here's where the finest and most durable equipment would be the most economical . . . and lately we've had an opportunity to prove it. We converted several fleet owners from this old notion to Diamond Heavy Service Cords . . . and they're certainly glad we did.

The tire isn't made that can stand the gaff like this Diamond Cord! In sizes . . . 30 x 3 1/2 to 40 x 8.

STEP TO FIRST

STANDARD OIL LEAGUE

CLUB	W	L	Pct.
All Standards	5	2	.714
Mechanics	5	3	.625
Barrel House	2	4	.333
Refinery	2	5	.286

The Mechanics, who have been sitting pretty in first place in the Standard Oil League ever since the first of the season, were set back a step with a most annoying and embarrassing blow in the game at First street last night with the tail enders, viz: the Refinery. The score was 4 to 2, which is not so bad as baseball scores go, but when the leaders are walloped by that score by the cellarites it is quite a different matter.

Chick Autry, the manager of the victors, wore the broadest smile yesterday that has been seen on his countenance since the cohorts won their first game of the season in that nearly forgotten period of long ago. Cliff Cleek, opposing manager, was visa versa.

Taylor's homer over the right field fence in the first stanza of this game, was the next to the hardest drive. The blow scored two runners besides himself, thus giving the Refinery a substantial lead to go on.

Free transportation was given by Messers Kersten and Wolfram in such quantities as to make the Southern Pacific ashamed of itself. Five men were ticketed to the initial by Kersten and three by Wolfram.

BRILLIANT FIELDING
As far as hits went, which was not very far in either number or length, the tossers did well. Kersten gave 4 and Wolfram 7. The score shows, however, that the Refinery made pretty good use of the minority.

O'Rourke shone like a sun in the field yesterday. He made several brilliant catches, but one was particularly good. It was in the very beginning of the game when a long fly was driven by Zimmerman out to left field. Paddy spiked it off the fence as pretty as you please, and made a fine peg in, although it was not needed.

As far as the other fielders went, they were in the same class. No errors were made in the outfield on either side. Bertoli caught a fly off the wall of the stands in the fifth, that brought the fans to their feet, with thunderous cheers.

The Mechanics had a chance to take the game by performing a miracle, without even performing a miracle. But they lacked the drive to put the thing over and score the runners on bases, who would have at least tied the score.

Warren, who was playing his second game with the Refinery as backstop, made the only error for his side. It was in the first when he threw to Corothers in an attempt to catch Lamarra off. It was too wild for any sort of use. Allen made the only other miff of the game, when he let a grounder roll between his legs in the same inning.

Golf Club Home
Nears Completion

Work of constructing the clubhouse for the Carquinez Golf club is progressing satisfactorily, according to A. A. Alstrom, secretary. It is scheduled to be finished, furnished and ready for formal dedication on October 1.

The club is designed to afford all the comforts and luxuries demanded in modern American country clubs, being provided with separate lounge rooms for men and women, grill, card rooms, lockers for both men and women and his kitchen and living room. It will cost \$15,500.

The club now has 250 members. Dr. U. S. Abbott of Richmond, is president.

How To Be Healthy
By JOHN W. DEEMING

Here is another of the Record Herald's series of articles on health. Any questions will be answered by the author upon address to Box 5, care of this paper. Back numbers of this series may be had on request.

HOBBIES

I approach this subject because I think a hobby, if it is a healthy one, is always a help in rounding out a person's life, especially if a person is of a nervous disposition and has a tendency to worry.

If you cultivate a hobby and allow yourself to become intensely interested in it, then at any rate during the pursuit of such, it will be quite impossible for your mind to dwell on thoughts that produce worry and tend to break down health.

Golf, fishing, collecting postage stamps, postcards or curios are good hobbies. I know a young lady who is collecting picture postcards of all the post office buildings in the country. Another friend of mine told me that his best hobby was to try to read the character of every person he comes in contact with.

He is quite an adept at it. I can assure you and I have no doubt whatever that it is a very interesting hobby.

There are plenty of things in the world that you can employ yourself with. If you favor some outdoor pastime such as golf, fishing, hiking, cycling, you will be occupying your mind as well as helping forward your physical condition.

SAVINGS

Worry less and work more. Ride less and walk more. Frown less and laugh more. Eat less and breathe more. Preach less and practice more.

QUESTIONS AND ANSWERS
Can you tell me if there is a school in this district that teaches wrestling and if so, where.

Bill:
I do not know of any school that teaches wrestling exclusively. But you may write to Al Williams, 425 Bush street, San Francisco. I think that he could help you.

Fire Fighters to
Play Two Baseball
Games in Richmond

Chief W. P. Cooper's ball tossers will play two games within the next few days. The one that is expected to be the biggest and best will be with the Alameda Fire department, on the afternoon of next Sunday at 2:30 o'clock. Jiggs Wright and Steve Huzefka will form the efficient battery for the local club. This is the third game of a series of three games between these two departments, and the excitement is keen, as each team has won one game by a tight score. First street will be the scene of the encounter.

On Saturday morning at 10 o'clock also at First street, Richmond. Firemen will tangle with Berkeley firemen, with the same battery as will be used in Sunday's game, performing. This is also the third game of a three game series, but the locals expect to have little difficulty in conquering their adversaries.

The Y. M. C. A. is to be a scene of a typical "game night" on Friday. The Rotary club and the Lions club have arranged a championship volleyball game for that evening, so J. W. Deeming, physical director of the Y, decided that while something big was to be held, it was well to make it bigger. He has therefore arranged a number of other contests for the occasion, but has not divulged the nature of them. It is rumored however, that one of the best handball games ever seen in Richmond is on tap.

It is rumored however, that one of the best handball games ever seen in Richmond is on tap.

The Y. M. C. A. is to be a scene of a typical "game night" on Friday. The Rotary club and the Lions club have arranged a championship volleyball game for that evening, so J. W. Deeming, physical director of the Y, decided that while something big was to be held, it was well to make it bigger. He has therefore arranged a number of other contests for the occasion, but has not divulged the nature of them. It is rumored however, that one of the best handball games ever seen in Richmond is on tap.

Game by Innings

FIRST INNING

Refinery: Zimmerman flied to O'Rourke. Bartram safe on Allen's error. Snively walked. Taylor hit a homer over right field fence, scoring Snively and Bartram. Warren fanned. Autry singled to right. Hansen flied to Allen. Three runs, two hits, one error.

Mechanics: Lamarra beat out an infield hit, and went to second when Warren threw wild to first. Allen fanned. O'Rourke out. Autry unassisted. Johnson hit to infield, scoring Lamarra. Bertoli singled to left. Peppin out. Zimmerman to Autry. One run, three hits, one error.

SECOND INNING

Refinery: Wolfram flied to O'Rourke. Duncan flied to Johnson. Zimmerman flied to O'Rourke. No runs, no hits, no errors.

Mechanics: Corothers cracked a Texas Leaguer to center. Cantau popped to Zimmerman. Corothers was caught off first, Wolfram to Autry. Kersten out. Bartram to Autry. No runs, one hit, no errors.

THIRD INNING

Refinery: Bartram out. Lamarra flied to Johnson. Snively out. Kersten to Corothers. Taylor tripped to center. Warren walked and stole second. Autry walked. Hansen out. Allen to Corothers. No runs, one hit, no errors.

Mechanics: Lamarra out. Duncan flied to Autry. Allen out. Zimmerman to Autry. O'Rourke and Johnson walked. Bertoli fanned. No runs, no hits, no errors.

FOURTH INNING

Refinery: Wolfram walked. Duncan flied to Johnson. Zimmerman hit into a double play. Lamarra unassisted to Corothers. No runs, no hits, no errors.

Mechanics: Peppin out. Zimmerman to Autry. Corothers out. Bartram to Autry. Cantau walked. Kersten out. Zimmerman to Autry. No runs, no hits, no errors.

FIFTH INNING

Refinery: Bartram fouled to Bertoli. Snively flied to Allen, as did Taylor. No runs, no hits, no errors.

Mechanics: Lamarra out. Wolfram to Autry. Allen and O'Rourke fanned. No runs, no hits, no errors.

TUBERCULOSIS OVERCOME
OAKLAND, CALIF.

For about three years I suffered from a bad cough and sore chest. I tried many doctors, all of whom pronounced my case "Tuberculosis." My appetite was examined and showed tubercular germs. As I found no improvement from any of the treatments that I took, I decided to give the FONG WAN HERBS a test, as a last resort.

After having drunk the herbs for four months, I was a well woman and had gained in weight. A year has elapsed since I began to take the FONG WAN HERBS on April 16, 1924, but today, I am still well and have no sign of my former complaint.
